School trips

School trips are so important for enhancing the experiences of the children at our school and for supporting our curriculum. Last month, Year 4 visited Chester to learn more about Roman Britain, which they have been studying in history. Throughout the day, they learned about the Roman legacy and studied artefacts

Year 5 visited Jodrell Bank to support the work that they have been doing on space as part of the Science curriculum. They visited the planetarium to reinforce their understanding of the solar system and constellations, carried out an investigation about space as a vacuum and learned some of the history of space travel.

All of the children in both year groups had fantastic days and represented our school really well.

Sport

Our fantastic tag rugby team competed in the very first Oak Trees Multi Academy rugby tournament last month. Despite having not played together for almost a year, the team worked together magnificently, attacking with pace and defending their try line like their life depended on it. After winning 2 of our group games and drawing one, we qualified for the final against Poulton Lancelyn. The final was a very tense, end to end game, but ultimately we were victorious, with a glorious try in the very last seconds of extra time. Well done to everyone for bringing home another trophy.

During March, our girls took part in the “biggest ever football session.” 58 girls from our school contributed to achieving the WORLD RECORD, with a massive 475,000 girls taking part across the country. Well done to everyone who took part.

Newsletter

April/ May dates

23rd April – Buddhist visitor in for Y6
24th April – Class photos
7th May – Y4 football competition
13th May – SATs week for Y6
20th May – Oak Trees cross country event
24th May – School closes for half term
3rd June – INSET day
4th June – School opens

Oak Trees Multi Academy Trust

We are now in the final stages of paperwork and legalities before officially joining the Oak Trees MAT. Although we are due to convert officially on May 1st, we already feel very much part of the team. Our children have had great opportunities in the arts and sport and have participated in collaborative eco and anti bullying events with children from other schools. There will be plenty of other opportunities for the children gain valuable experiences in the future too.

Parking

We still receive a number of complaints from local residents about parking during drop off and pick up times. Please ensure that you are parking considerately and safely and not blocking driveways.

Mr P Hindle
