

Scheme Progression Overview and Outcomes for Year 3 (Lower KS2)

This document includes:

- Musical learning focus explained for each Unit of Work, year group and end of Key Stage
- An Overview of Expected Learning Outcomes Year 3 (end of year) linked to the relevant Strand of Musical Learning
- Specific Teaching/Learning ideas and their outcomes linked to the relevant Strands of Musical Learning for the year group

Musical Learning Focus explained for each Unit of Work, year group and end of Key Stage

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

— National curriculum in England: music programmes of study, key stage 2

The Musical Learning Focus from each Unit of Work progress to the Expected Musical Learning Outcomes for the End of Year (see in this document). The children will be able to demonstrate their learning as they work towards the End of Key Stage Expectations. Therefore these outcomes will fulfil the End of Key Stage Expectations (see Assessment Framework) which are in line with national attainment targets for music. (Use the One-page Lesson Plan and please refer to the End of Key Stage Expectations document relevant to your year group from the Assessment Framework.)

Ofsted have stated that **“We will not always know the learning outcomes”** so segregated learning objectives at the start of each lesson are not appropriate. Musical teaching and learning is not neat or linear, children do not learn in straight lines. The strands of musical learning, presented within the lesson plans and the on-screen resources, are part of the learning spiral. Over time, children develop new musical skills and concepts, and also revisit established musical skills and concepts. Repeating a musical skill doesn't mean their progress is slowing down or their development is moving backwards; it enables them to re-enforce their musical understanding in order to improve the quality of their musicianship. To achieve mastery means gaining both a deeper understanding of musical skills and concepts and learning something new.

Each Unit of Work has a focus - an ongoing musical learning focus, a unit-specific focus:

- Ongoing musical learning focus (learning new musical skills/concepts and revisiting them): Listen & Appraise, Musical Activities (Games, Singing, Playing), Performing. Improvisation and Composition are covered too but as options.
- Unit-specific focus - Musical skills/concepts that may be discrete to a particular unit and style focus (the style or styles of music relevant to the unit).

Units of Work	Ongoing Focus <small>Learning new musical skills/concepts and revisiting them over time in and with increasing depth.</small>	Unit-specific Focus
Autumn 1: Let Your Spirit Fly	<p>Listen & Appraise - begin to recognise styles, find the pulse, recognise instruments, discuss, listen, discuss other dimensions of music.</p> <p>Musical Activities - a new activity is added until Step 4:</p> <ul style="list-style-type: none"> ● Games - continue to internalise, understand, feel, know how the dimensions of music work together. Focus on Warm-up Games. Pulse, rhythm, pitch, tempo, dynamics. Eventually explore the link between sound and symbol. ● Singing - continue to sing, learn about singing and vocal health. Continue to learn about working in a group/band/ensemble. ● Playing - Continue to play a classroom/band instrument in a group/band/ensemble. Eventually explore the link between sound and symbol. ● Improvisation - option after Step 3 - continue to explore and create your own responses, melodies and rhythms. ● Composition - option after Step 4 - continue to create your own responses, melodies and rhythms and record them in some way. Eventually explore the link between sound and symbol. <p>Perform/Share - Continue to work together in a group/band/ensemble and perform to each other and an audience. Discuss/respect/improve your work together.</p>	<p>RnB. Singing in two parts.</p> <p>Mixed styles:</p> <ul style="list-style-type: none"> ● Let Your Spirit Fly by Joanna Mangona (RnB) ● Heal The World by Michael Jackson (Pop) ● Colonel Bogey March by Kenneth Alford (Film) ● Consider Yourself from the musical 'Oliver!' Overview of Expected Learning Outcomes in Year 3: 1. Listen & Appraise

Strand of Musical Learning	National Curriculum Expectations for all pupils	Charanga Response for Y3 KS2/ages 7-8	Expectations for the end of Lower KS2	Charanga Response to assessing end of Lower KS2 Expectations
Listen & Appraise	<i>Perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians.</i>	The children will understand and appreciate a variety of musical styles from different times and traditions. Continue to recognise the sound of musical instruments and basic features of key musical styles. Encourage discussion using more accurate musical language.	Children will be taught to: <ul style="list-style-type: none"> • <i>Appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians.</i> • <i>Develop an understanding of the history of music.</i> 	See 'End of Key Stage Expectations' document in the Assessment Framework.

- Specific Teaching/Learning ideas and their outcomes linked to the relevant Strands of Musical Learning for the year group

Musical Learning Focus explained for each Unit of Work, year group and end of Key Stage

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

— National curriculum in England: music programmes of study, key stage 2

The Musical Learning Focus from each Unit of Work progress to the Expected Musical Learning Outcomes for the End of Year (see in this document). The children will be able to demonstrate their learning as they work towards the End of Key Stage Expectations. Therefore these outcomes will fulfil the End of Key Stage Expectations (see Assessment Framework) which are in line with national attainment targets for music. (Use the One-page Lesson Plan and please refer to the End of Key Stage Expectations document relevant to your year group from the Assessment Framework.)

Ofsted have stated that ***“We will not always know the learning outcomes”*** so segregated learning objectives at the start of each lesson are not appropriate. Scheme Progression Overview and Outcomes for Year 5 (Upper KS2)

This document includes:

- Musical learning focus explained for each Unit of Work, year group and end of Key Stage
- An Overview of Expected Learning Outcomes Year 5 (end of year) linked to the relevant Strand of Musical Learning
- Specific Teaching/Learning ideas and their outcomes linked to the relevant Strands of Musical Learning for the year group

Musical Learning Focus explained for each Unit of Work, year group and end of Key Stage

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

— National curriculum in England: music programmes of study, key stage 2

The Musical Learning Focus from each Unit of Work progress to the Expected Musical Learning Outcomes for the End of Year (see in this document). The children will be able to demonstrate their learning as they work towards the End of Key Stage Expectations. Therefore these outcomes will fulfil the End of Key Stage Expectations (see Assessment Framework) which are in line with national attainment targets for music. (Use the One-page Lesson Plan and please refer to the End of Key Stage Expectations document relevant to your year group from the Assessment Framework.)

Ofsted have stated that ***“We will not always know the learning outcomes”*** so segregated learning objectives at the start of each lesson are not appropriate. Musical teaching and learning is not neat or linear, children do not learn in straight lines. The strands of musical learning, presented within the lesson plans and the on-screen resources, are part of the learning spiral. Over time, children develop new musical skills and concepts, and also revisit established musical skills and concepts. Repeating a musical skill doesn't mean their progress is slowing down or their development is moving backwards; it enables them to re-enforce their musical understanding in order to improve the quality of their musicianship. To achieve mastery means gaining both a deeper understanding of musical skills and concepts and learning something new.

Each Unit of Work has a focus - an ongoing musical learning focus, a unit-specific focus:

- Ongoing musical learning focus (learning new musical skills/concepts and revisiting them): Listen & Appraise, Musical Activities (Games, Singing, Playing), Performing. Improvisation and Composition are covered too but as options.
- Unit-specific focus - Musical skills/concepts that may be discrete to a particular unit and style focus (the style or styles of music relevant to the unit).

Scheme Progression Overview and Outcomes for Year 6 (Upper KS2)

This document includes:

- Musical learning focus explained for each Unit of Work, year group and end of Key Stage
- An Overview of Expected Learning Outcomes Year 6 (end of year) linked to the relevant Strand of Musical Learning
- Specific Teaching/Learning ideas and their outcomes linked to the relevant Strands of Musical Learning for the year group

Musical Learning Focus explained for each Unit of Work, year group and end of Key Stage

Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.

— National curriculum in England: music programmes of study, key stage 2

The Musical Learning Focus from each Unit of Work progress to the Expected Musical Learning Outcomes for the End of Year (see in this document). The children will be able to demonstrate their learning as they work towards the End of Key Stage Expectations. Therefore these outcomes will fulfil the End of Key Stage Expectations (see Assessment Framework) which are in line with national attainment targets for music. (Use the One-page Lesson Plan and please refer to the End of Key Stage Expectations document relevant to your year group from the Assessment Framework.)

Ofsted have stated that **“We will not always know the learning outcomes”** so segregated learning objectives at the start of each lesson are not appropriate. Musical teaching and learning is not neat or linear, children do not learn in straight lines. The strands of musical learning, presented within the lesson plans and the on-screen resources, are part of the learning spiral. Over time, children develop new musical skills and concepts, and also revisit established musical skills and concepts. Repeating a musical skill doesn't mean their progress is slowing down or their development is moving backwards; it enables them to re-enforce their musical understanding in order to improve the quality of their musicianship. To achieve mastery means gaining both a deeper understanding of musical skills and concepts and learning something new.

Each Unit of Work has a focus - an ongoing musical learning focus, a unit-specific focus:

- Ongoing musical learning focus (learning new musical skills/concepts and revisiting them): Listen & Appraise, Musical Activities (Games, Singing, Playing), Performing. Improvisation and Composition are covered too but as options.
- Unit-specific focus - Musical skills/concepts that may be discrete to a particular unit and style focus (the style or styles of music relevant to the unit).
